

2022 ECA Junior & U23 Canoe Sprint European Championships

23-26 JUNE 2022, BELGRADE, SERBIA

Dear National Federations,
Dear sport friends,

It is our great pleasure to invite you all again to Serbia and Belgrade for the 2022 ECA Junior & U23 Canoe Sprint European Championships which will be held June 23-26, 2022 on Sava Lake and Ada Ciganlija Regatta Center.

Even though we are living very challenging times, we here at Canoe Federation of Serbia and the City of Belgrade have been honoured to host yet another great European event and welcome Europe's best young athletes. We will do our absolute best for all to feel safe and welcome.

Canoeing in Serbia has a long tradition of success and it is becoming one of the most popular sports for young generations. It is not hard to understand why. We are proud of all our medals and our athletes who are true role models to the young generations and whose success is keeping us on the world sporting map. Their determination, perseverance and commitment to excellence are the values that continually inspire us and bring us together, in more ways than one.

Ada Ciganlija Regatta center was the host of numerous important international canoeing competitions. Far back in history with five Flatwater Canoeing World Championships held in 1971, 1975, 1973, 1978 and 1987, followed by 2007 European Junior & U23 Championships, 2008 World University Flatwater Canoeing Championships, 2011 European Canoe Sprint Senior Championships, 2017 ICF Canoe Sprint and Paracanoe World Cup, 2017 ECA Canoe Sprint Junior & U23 European Championships, 2018 ECA Canoe Sprint and Paracanoe Senior European Championships.

Being very proud of our history, with great confidence and enthusiasm, we would like to affirm Belgrade as a city of sport and sports lovers!

We will try to do our best to show you Serbian hospitality and hope you will go home with some unforgettable memories.

Wish you all a good health and see you in June in Belgrade!

Mirko Nišović
President of the Canoe Federation of Serbia

ABOUT SERBIA

Serbia has connected West with East for centuries – a land where civilizations, cultures, faiths, climates and landscapes meet and mingle. From the agricultural regions of the Pannonian Plain in the north, across the fertile river valleys and orchard-covered hills of Šumadija, the landscape of Serbia continues southward, gradually giving way to mountains rich in canyons, gorges and caves, as well as well-preserved forests.

Today, Serbia is a modern, democratic European country, on the path to membership of the European Union, which a diverse range of visitors – from young backpackers to participants in congresses and fairs, cultural and sport events – visit every day.

Facts:

- Population: more than 7,000,000 (83% Serbs),
- Capital city: Belgrade, population more than 1,600,000
- Climate: moderate continental – monthly average varies from 1,4°C in January to 23,0°C in July.
- Time zone: Central European, CET (GMT + 1 hour)

ABOUT BELGRADE

Belgrade is the capital city of Serbia and has a population of around 1.7 million. It is one of the oldest cities in Europe and has since ancient times been an important crossing of the ways where the roads of eastern and western Europe meet. During its long and tumultuous history, Belgrade has been conquered by 40 armies, and 38 times it has been raised up from the ashes.

The city lies on two international waterways, at the confluence of the Sava and Danube rivers, which surround it on three sides. Because of this position, Belgrade is fittingly referred to as the Gateway to the Balkans and the Door to Central Europe. Belgrade is the capital of Serbian culture, education and science. It has the greatest concentration of institutions of national importance in the field of science and art. The city is also the seat of the Belgrade University, founded in 1808 as the Great School, and the seat of the University of Art.

Belgrade has the status of a separate territorial unit in Serbia, having its own autonomous city government. Its territory is divided into 17 municipalities, having their own local governmental bodies.
